Press Release

Bluewater Industrial Cleaning Services (BICS) is currently providing services to AECOM at the West Riverside Energy Center near Beloit, WI.

The West Riverside Energy Center is an advanced technology, highly efficient natural gas facility under construction near Beloit, WI. The generating station will produce enough power for more than 550,000 homes when it goes into service by early 2020.

BICS is providing AECOM with steam blow, lube oil flush, air blows, chemical cleaning, boilout and hydrolazing services as the project progresses through construction and startup & commissioning. BICS is excited to be a part of this great project with AECOM.

BICS offers pre-commissioning and industrial cleaning services on a complete turnkey basis or an itemized scope based on the project and customer needs. As part of our complete turnkey or itemized scope capabilities, we provide the following specific services to meet your needs:

- Continuous Steam Blows (with Wet or Dry Silencer Capabilities)
- High Volume / High Velocity Lube, Hydraulic & Fuel Oil Flushes
- Abrasive Pigging & Air Blows
- High Volume / High Velocity Water System Flushes
- Boiler Chemical Cleaning, Boilout & Degreasing
- Hydrolazing Services
- Hydrostatic and Pneumatic Pressure Testing
- Equipment Rental and Field Technician Services (for customers who wish to self-perform the above services)

For more information, please contact Kevin Plourde, General Manager at +1 678 594 2058
